## EXPERIENCE

---

### Web Graphic Designer

10/2015 - Present

Panda Labs

- Designed, implemented and maintained 70+ WordPress and HTML websites using Adobe Creative Suite.
- Created, designed and presented 26 projects from concept to solution for clients and businesses.
- Worked closely with marketing project managers to maintain and revise the creative direction for a group of on average five projects/websites.
- Actively researched, followed and forecasted design trends to bring new ideas. Implemented company-level educational content and book reading practices at a later stage that led to better workflow and higher quality design production.

### Graphic Designer

08/2014 - 09/2015

Creativita Advertisements

- Created 10-12 ads and imageries weekly, including flyers, banners, posters, logos and business cards.
- Developed and updated five websites.
- Generated and completed four full advertising campaigns using Adobe Creative Suite.
- Delivered design solutions under extremely tight deadlines.
